FULL DAY KAKADU EXCURSION
FROM BAMURRU PLAINS
EXPLORE KAKADU NATIONAL PARK ON A SHARED OR PRIVATE TOUR WITH OUR EXPERT BAMURRU PLAINS GUIDES

Spend three or four nights at Bamurru Plains with one full day exploring the awe-inspiring World Heritage Listed Kakadu National Park. Kakadu covers an amazing 20,000 square-kilometres and is recognized for its incredible natural beauty and also its cultural significance to the Aboriginal people who have inhabited the area for over 50,000 years. Kakadu offers you the chance to experience ancient rock art, beautiful rocky escarpment country and a diverse ecosystem, with about one third of all Australia’s bird species in the park!

Your Kakadu Day Trip is available to be booked as a shared excursion with other Bamurru Plains guests on a Tuesday or Friday or a private option on all other days of the week.

A delicious full breakfast at the lodge will begin at 6:30am (with plenty of coffee to help ease the early start!) before your group is transferred to Bamurru’s airstrip for an incredible scenic 30 minute flight to Jabiru.

Your air-conditioned vehicle will be waiting in Jabiru with a Bamurru Plains guide who will drive you into the northern part of Kakadu and one of the park’s best Aboriginal rock art sites, Ubirr Rock.

Kakadu National Park covers an extraordinary 20,000-square-kilometres and has been inhabited by Aboriginal people continuously for more than 50,000 years! The park is one of very few places on the World Heritage list that has been recognised for both its cultural and natural values and with some of the world’s oldest rock art, one fifth of Australia’s mammal species and one third of all Australia’s birds, it’s easy to see why!
A 45 minute drive through Kakadu’s beautiful floodplain and stone country leads to Ubirr Rock, with some of Kakadu’s best Aboriginal rock art galleries. The reason for such a plethora of fantastic art is the landscape of the region, with huge rocky escarpments throughout which provided shelter for the communities living in Kakadu. Ubirr provides examples of all four historical periods—pre-estuarine, estuarine, freshwater and contact—which could date back as far as 50,000 years!

A 1.5km walk will take you through two rock art galleries before climbing to the top of the rock where you will be rewarded with incredible 360º views out over the Nadab floodplain. The climb is relatively easy-going and there will be plenty of time to stop and take photographs and learn about the history of the Aboriginal people responsible for the beautiful art.

Following the walk, enjoy a wild bush picnic in a shady spot with tasty fare from Bamurru Plains.
Join a Guluyambi River Cruise, an Indigenous tourism enterprise, for an afternoon slowly meandering down the East Alligator River. An Aboriginal guide will provide the group of up to 24 guests with an insight into their culture, local mythology, the river’s abundant food chain, traditional uses for many plants and animals as well as bush survival skills.

Count the crocodiles lining the banks of the river and spot the abundant birdlife of Kakadu before disembarking briefly in Arnhem Land where your guide will demonstrate the use of traditional hunting and gathering tools. With only a handful of operators allowed access into Arnhem Land, this will be a truly unique experience!
Back on dry land your Bamurru guide will begin the drive back to the lodge, with a stop at the Bowali Visitors Centre and a chance to purchase local art, books or gifts, before returning to Bamurru in time for sundowners and dinner in the main lodge.
