

BAMURRU PLAINS
Wild Bush Luxury

Getting There

Air Charter Transfers

Scenic air transfers from Darwin

From the sensation of lift-off, to the excitement of soaring above the twists and turns of the Adelaide River, your charter flight to Bamurru Plains is a unique and spectacular 30 minute experience.

Charter flights depart from an individual terminal approximately 1,200 metres from Darwin Commercial Airport.

If you are making your own way, please ensure you arrive 30 minutes prior to your departure for check in procedures. You have a luggage allowance of 15 kilograms per person in soft sided bags. If you have excess luggage many guests choose to securely store it at the charter flight office, with our compliments.

At the airstrip, a Bamurru field guide will be waiting to drive you 20 minutes through the savannah bush to the Safari Lodge where a refreshing native inspired tonic will have you settled in and ready to explore.
